GET THE NOTARY BUSY.

Clerk Wienges Says Pension Applica-
tions May be Made This Way.

County Clerk S. H. Wienges, who
is one of the most obliging public
officials in the State, has been busy
for the past few days preparing and
filling in blanks for the Confederate
veterans who are seeking pensions.
There are a great many of these vet-
erans throughout the county, and for
their information Mr. Wienges re-
quests The Sun to announce that it
is not necessary to have the signa-
ture before the clerk of the circuit
court, but any notary public is em-
powered to take the signature and
execute the paper. This information
is given for the benefit of many who
reside at a great distance from Gaine-
sville, as it may save them the time
and expense of a trip.

THE WOMEN PAID OUT.

Could Not Stand the Pressure of
Working at Hard Labor on Streets.

Mary Williams and Mattie Goss,
the two colored women who have
been on the streets "doing time" for
disorderly conduct for the past three
or four days, having paid their re-
spective fines, are again as free
as the birds.

These women belong to a class of
prowlers which do no town good, and
it is to be regretted that they were
enabled to raise the money with which
to pay their fines, instead of being com-
pelled to "do time" on the streets of
Gainesville as object lessons of their
class.

STEAM TURNED ON.

Plant of Edgins Manufacturing Com-
pany Again in Operation.

The steam has been turned on in the
newly constructed plant of the Ed-
gins Manufacturing Company, and
again the army of employees will be
engaged in the manufacture of sash,
doors and blinds.

This department was burned out
several months ago, which entailed
a loss of about ten thousand dollars.
The plant has been rebuilt, however,
and there is now about three thousand
feet more of space than employed in
the former.
